

# Don't Turn Around

Lyrics

Written by: Daví

When you know  
You hurt the souls  
To get an oil  
Or a crown  
Gotta go  
No second thoughts  
That makes it all slow down

Chorus  
So don't turn  
Just don't turn  
But don't turn  
Around x2

Was it a lie  
Or a cry  
That really caused  
This whole fight  
Your ego  
Heaven knows  
Won't you let you change your mind

Tale of the narcissist

Whose fate is weaseled by time  
Destruction's reign and innocence will be balanced and unkind  
You hurt the mamas  
Mamas' babies  
Babies' mamas' mamas  
And now the time has come

(I want to you come  
Acknowledge me and I all I want to be  
I want to you and promise that you're never gonna leave)

Don't turn  
Just don't turn  
Just don't turn  
Around, around  
Don't turn  
Don't turn  
Don't turn  
Around, around

# The Quagmire

Lyrics

Written by: Daví

## *Intro*

I wanna f\*\*\* with you but you don't do me right  
I wanna f\*\*\* with you but you don't give a f\*\*\*  
I wanna f\*\*\* with you but you don't keep it tight  
I wanna f\*\*\* with you but you just...

## *V1*

You monitor me, you cover my desire  
Calibrate me to test when I fire  
Simulate me when I'm falling for your collar innit

Celebrate me when I call for my mother  
You respect me, when I'm all bent over  
Slander me when I speak the truth innit, innit?

## *Chorus*

Well it's cool, You want to repeat what I said  
And it's cool, You have a fantasy of me in my bed  
But if you want into my head that is something I can't do no!

## *V2*

You walk in my house and tell me to leave  
You'd kill me to know the scent of my E  
You violate me, when you take me innit innit

## *Bridge*

It's all or nothing  
None is the sum  
You want to give me something  
Give me the gun  
When you're thinking it's fun  
I got to give you the run around  
Get down

*I am the qualifier  
I am the purifier  
I am the quagmire  
I can take you higher*

*Chant -*  
Break in on me  
When know that I'm sleep  
Pacify me  
When I tell you a joke  
You can't deny, what you hide inside  
Innit, innit

A second for me  
To cut up on your tire  
You won't defy me  
Or call me a liar  
Interrupt the beat, cause I am the quagmire  
Innit, innit

*Rolling innits (Oooos)*
